SCHEDULE IISURFACE OR GROUND WATER SURCHARGE *Applicability

Whenever the utility has discovered that a customer's roof drain, downspout, storm sewer or similar facilities conducting surface water have been connected to the District's sewer system and such customer has failed to take appropriate action within thirty (30) days of receipt of a demand by the utility in accordance with the rules and regulations of the Public Service Commission, to eliminate such connection, a surcharge will be imposed upon the customer calculated on the basis of the following formula:
